

Dear Wreath Project Supporter,

We are looking for partners to come together with RememberAVet.net on Saturday, March 5, 2016, for an amazing "RememberAVet Evening at Park Winters". The night will include a delicious dinner by Chef Scott Ostrander, silent and live auctions, dancing and an inspirational speaker.

As you may or may not be aware, RememberAVet.net has been raising and collecting funds to purchase holiday wreaths to honor our Fallen veterans resting at the Sacramento Valley National Cemetery in Dixon, every December since the opening of the cemetery in 2006. That year 320 wreaths were placed honoring each of the Fallen there, and we have been fortunate enough to continue this beautiful tradition of 100% coverage ever since. An estimated 18,000 wreaths will be needed to reach that goal again for the 2016 campaign; we now invite you to join us on our annual mission of the Wreath Project. Your support of this community-based project not only acknowledges the sacrifices of our service men and women, but that of their families as well.

We would be grateful if you could support this 2016 kick-off event! The enclosed sheet details the options while you consider your sponsorship level. As a RememberAVet.net sponsor, you will be part of a special group reaching thousands with our email database, social media page and website.

If you've never attended the wreath-laying event, we encourage you to do so this year. Seeing thousands of volunteers—all ages—placing wreaths in honor of loved ones and strangers alike, is truly a heartwarming experience. It's an amazing sight to see and we look forward to a partnership with you and your company this March to help make the 2016 Wreath Project another successful endeavor. Thank you!

Sincerely,

Curtis Stocking
